

The Colorado State Only Labor Law Poster mandates you fill-in key details.

Sections to complete on the poster are:

Workers' Compensation - Inform employees of their right to file claims, and coverage should an injury or accident occur on the job. For the state of Colorado, this includes your insurance carrier and policy number. There is also a section to add any additional information, such as telephone numbers or notices to employees.

PayDay Notice - Inform employees of mandatory pay day information in a workplace common area. This includes time of regular paydays, and the location where payment can be collected.
